

Call for Participation

We invite you to join us in **12th International Conference on Computer Science, Information Technology (CSITEC 2026)**

This conference serves as a premier global platform for researchers, practitioners, and industry experts to exchange cutting edge knowledge across the full spectrum of Computer Science, Engineering, and Information Technology. CSITEC 2026 aims to foster dialogue on foundational theories and real world applications, highlighting innovative methodologies, emerging technologies, and transformative research that shape the future of the field.

Highlights of CSITEC 2026 Include:

- 18th International Conference on Networks & Communications (NeCoM 2026)
- 13th International Conference on Advanced Computing (ADCO 2026)
- 15th International Conference on Control, Modeling, Computing and Applications (CMCA 2026)
- 15th International Conference on Software Engineering and Applications (SEAS 2026)
- 12th International Conference on Signal Processing (SP 2026)
- 7th International Conference on Big Data, Block chain and Security (BDBS 2026)
- 7th International Conference on Data Mining & Machine Learning (DMML 2026)
- 7th International Conference on NLP & Information Retrieval (NLPI 2026)
